

CYBER AND INFORMATION SECURITY MANAGEMENT

Date: from 03 to 06 October 2022
Venue: Kosovo Banking Association

OBJECTIVES

At the end of this course, the participants will have an overall view of Cybersecurity and the problems related to this subject, which will allow them to guide their choices and their mission taking into account the risks associated with cyber security.

To this end, by the end of the course they will have

-  covered the various areas of Cyber Security
-  obtained notions of user safety - individual behavior (passwords, email, mobility, social networks) and basic notions of Cyber-Security
-  obtained answers to the following questions:
 - What is the purpose of Cyber Security?
 - How to manage security?
 - What are the security and defense controls?
 - What are the means to respond to security incidents?
-  understood how an attack is performed
-  Reviewed the context of regional security and regulation and the specificities of the financial field (PCI DSS, mBanking, eBanking)
-  reviewed ethics and standards related to Cyber Security

TARGET GROUP
